

Small detours lead to a more efficient route

The *Aachener Zeitung* published an article about the eNav navigation system on June, 4th 2014. The article is published in german and describes how eNav works on an example route. We thank the publisher for allowing us to publish the article on our website.

Ein kleiner Umweg bringt ihn besser ans Ziel

For additional information please contact [Dzenan Dzafic, M.Sc. RWTH](#) or have a look at the [eNav research](#).
