

# Embedded Software Design

## Content

Development processes and methods for software for embedded systems: e.g. V-Model, requirements engineering, functional and non-functional requirements, architecture design and analysis, model based design, model based testing.

## Lecture

The lecture takes place every Wednesday, 5:00pm - 6:30pm in AH 3. See Campus for more details. You can use [last year's slides](#).

## Slides

- [Introduction](#)
- [Requirement Basics](#)
- [Functional Requ.](#)

## Exercise

The exercise takes place every second Thursday, 1:30pm - 3:00pm. The groups are shown here. Note that you must attend all 6 exercises (Anwesenheitspflicht) in order to get the "Übungsschein".

## Contact

- Questions of general interest can be discussed in the [forum](#).
- Daniel Klünder
- Dirk Wilking
